Step 9:

[e.g., Access the Loan Prediction Dashboard and test predictions] **Step 5: Known Issues /**

Limitations

S.No	Known Issue / Limitation	Workaround / Status
1	Model accuracy may vary for incomplete or incorrect input data	Users are advised to provide valid and complete loan details

2	Application performance may slow with very large datasets	Dataset size is optimized and processed in batches
3	Real-time deployment is currently limited to local environment	Cloud deployment can be implemented in future versions
