

No. of Functional Features Included in the Solution

Date	01 July 2026
Team ID	
Project Name	AI Powered Debt Relief & Financial Recovery Platform
Maximum Marks	5 Marks

Functional Features Overview:

This document lists all the functional features included in the project solution. Each feature is described with its purpose, implementation status, and contribution to the overall solution.

S.No	Feature Name	Feature Description	Module / Component	Status (Done / In Progress / Pending)	Marks Contribution
1	User Authentication	Secure login and registration system with protected routes	Authentication Module	Done	10
2	Dashboard UI	Interactive financial dashboard with analytics and summary cards	Dashboard Module	Done	10
3	Loan Management	Add, view, and manage loan details and EMI information	Loan Management Module	Done	9
4	AI Settlement Recommendation	AI-based debt settlement suggestion interface	AI Settlement Module	In Progress	9
5	Negotiation Letter Generator	Generate lender negotiation and settlement request letters	AI Negotiation Module	In Progress	8
6	Financial Analytics	Charts and graphs for EMI, income, and debt analysis	Analytics & Reports Module	Done	8
7	Responsive Fintech UI	Mobile-friendly modern fintech interface with reusable components	UI/UX Components	Done	8
8	Backend & Database Integration	API connectivity and database integration	Backend Services	Pending	8

		for dynamic functionality			
--	--	---------------------------	--	--	--

Feature Summary:

Metric	Count / Value
Total Features Planned	12
Total Features Implemented	8
Core / Must-Have Features	User Authentication, Dashboard, Loan Management, Financial Analytics, Responsive UI
Additional / Nice-to-Have Features	AI Settlement Recommendations, Negotiation Letter Generator, AI Assistant Chatbot, Dark Mode
Features Tested & Verified	Login/Register UI, Dashboard Navigation, Responsive Design, Charts & Analytics Components

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	Responsive fintech dashboard and user interaction screens	Login/Register pages, Dashboard, Sidebar Navigation, Analytics Charts, Dark Mode
2	Backend / Logic	Business logic and application processing functionalities	Loan processing, EMI calculations, Financial analysis, Settlement recommendation logic
3	Database / Storage	Data management and persistent storage system	User data storage, Loan records, Financial reports, Negotiation history
4	API / Integration	External service communication and AI integration	Google Gemini API, REST APIs, SMTP Email Integration
5	Security / Authentication	Secure access control and user authentication system	JWT Authentication, Password Encryption, Protected Routes, Session Management
